

UNIVERSITY  
OF MIAMI

College of Arts and Sciences

Neuroscience Program

# Orientation Agenda

- Welcome to Neuroscience
- Arts and Sciences Requirements
- Cognates
- Major Requirements
- Degree Progress Report (DPR)
- Waitlists
- Important Dates
- Contacting your STEM Advisor

# Arts & Sciences Requirements

## Math

- MTH 161 (MTH 140 & 141)
- MTH 162

## Natural Science

- Covered with your major

## 4 Writing Intensive Courses

- Two are covered with these requirements: NEU 403 and PSY 390

## Writing

- WRS 105
- WRS 106 or ENG 106 or WRS 107 (one or both may have been waived by exam)

## Foreign Language

- 200+ level Foreign language course
- Same language can't be used for Arts & Humanities cognates

## Minor

- STEM: Biochemistry, Chemistry, Computer Science, Engineering, Geological Sciences, Marine Science, Math, Microbiology or Physics
- Additional Minors

# COGNATES

## 3 Areas of Knowledge

### Arts & Humanities

Art History  
Architecture  
Languages  
Music  
Philosophy  
Religion  
Theater  
History

### STEM

Neuroscience  
Biology  
Marine Biology  
Chemistry  
Computer Science  
Geology  
Physics  
Anthropology

### People & Society

Psychology  
Communication  
Geography  
Gender Studies  
Political Science  
Sociology

Satisfy the requirement with:

Major  
Minor  
Cognates

# How Your Major & Minor affect the Cognates you Need

## NEU Major

- Neuroscience satisfies the Area of Knowledge:  
**STEM**

### People & Society

- Additional Minor or
- 3 cognate courses (9 credits)

### Arts & Humanities

- Additional Minor or
- 3 cognate courses (9 credits)

# COGNATES

Two ways to satisfy Cognates requirement:

Thematic

Individualized

# Neuroscience Major Requirements

Find your major in the Academic Bulletin

<https://bulletin.miami.edu/undergraduate-academic-programs/arts-sciences/neuroscience/neuroscience-bs/#curriculumtext>

A screenshot of the University of Miami website. The browser address bar shows 'welcome.miami.edu'. The page features a dark green header with the 'EverBrighter' logo and the tagline 'The Campaign for Our Next Century'. Navigation links include 'APPLY', 'About UM', 'Schools', 'Alumni', and 'Roadmap'. A search bar contains the text 'academic bulletin'. The main navigation menu includes 'Academics', 'Admissions', 'Student Life', 'MIAMI' (with the logo), 'Research', 'UHealth', and 'Athletics'. The central content area displays a news article titled 'University of Miami selected to prestigious AAU'. The article text reads: 'Recognized for its groundbreaking research and undergraduate and graduate education, the U has been invited to join the Association of American Universities.' Below the article is a 'Related Links' section with the link 'News@TheU Research Stories'. The background of the page is a collage of images related to science and medicine, overlaid with a hexagonal pattern. A 'UNEU' logo is visible in the bottom right corner.

# Degree Progress Report (DPR)

## Student self service degree progress report

STUDENT NAME (STUDENT ID NUMBER)

BS Neuroscience (NEUR\_BS)

Advisor: Martha Medina

Last generated: February 02, 2023

<u>Program</u>	<u>Catalog</u>	<u>Requirement Status</u>
Undergraduate Arts & Sciences Program	Spring 2023	Not Satisfied
Neuroscience Major	Spring 2023	Not Satisfied

### Degree Progress Report

The Degree Progress Report is one tool used for evaluating whether you have met the requirements for your degree. There is no guarantee that the Degree Progress Report includes all exceptions, course substitutions, waivers or transfer credit. It is the responsibility of students to meet with their advisors to verify that they meet degree requirements per their Academic Bulletin.

### In-Progress, Incomplete, and Ungraded Courses

Your degree program is not complete until you have satisfactorily completed all of your courses and met all other degree requirements

#### Degree requirements cannot be satisfied until all course work is complete.

This report assumes that in-progress, incomplete courses, and other non-graded courses will be completed satisfactorily. Therefore, the report treats these courses as meeting degree requirements.

Term	Subject	Catalog Nbr	Course Title	Grade	Units	Type
SP 2023	APY	205	MEDICINE & HEALTH CARE		3.00	IP
SP 2023	BIL	150	GENERAL BIOLOGY		4.00	IP
SP 2023	MTH	161	CALCULUS I		4.00	IP
SP 2023	PHI	344	PHILOSOPHY OF MIND		3.00	IP
SP 2023	PSY	110	INTR TO PSYCHOLO		3.00	IP

### Unused Courses

The courses listed below were not used to meet specific General Education, Major, or Minor course requirements. They may have been used to satisfy distribution types of requirements such as writing intensive courses. They are included in the University minimum 120 credits requirement (if they earn credit) and in University cumulative gpa calculations.

#### Unused Courses

Term	Subject	Catalog Nbr	Course Title	Grade	Units	Type
SP 2023	UMX	100	UM EXPERIENCE		0.00	IP

### University Graduation Requirements

**\*\*\* Overall Requirement Not Satisfied \*\*\*** University graduation requirements represent the minimum level of academic achievement required to earn a degree. Many majors and minors require higher credit or GPA requirements than the minimum required by the University. In such cases, the major and minor requirements established by the Academic Departments take precedence over the general university requirements.

#### University Unit Requirement

**\*\*\* Not Satisfied \*\*\*** Students majoring in Neuroscience must earn a minimum of 130 credits to complete their degree requirements. MTH 090, ENG 103, DAN 101, DAN 102, DAN 103, and DAN 104 do not count toward the minimum 130 credit requirement.

**\*\*\* Units: 130.00 required, 17.00 used, 113.00 needed \*\*\***

#### University GPA Requirement

**Satisfied:** Students must earn a minimum 2.0 UM Cumulative GPA to complete their degree requirements. Only courses completed at the University of Miami are included in the UM Cumulative GPA calculation. Test Credits, Transfer Credits, and any other credits awarded for coursework completed outside of the University of Miami are not included in the UM Cumulative GPA calculation.

GPA: 2.000 required, 0.000 completed

#### Residency Requirement

# How to Find your DPR

The image shows a composite of three screenshots illustrating the steps to find a Degree Progress Report (DPR) PDF in the Canelink Miami system.

- Left Screenshot:** Shows the Canelink Miami dashboard. The 'Academics' menu item is circled in white.
- Middle Screenshot:** Shows the 'Academics' dropdown menu. The 'Degree Progress' option is circled in green and has a checkmark next to it.
- Right Screenshot:** Shows a browser window displaying a PDF document. An orange arrow points from the 'PDF' label to the document.

In the center of the composite image, there is a large orange circle divided into four quadrants by a green outline, with a green checkmark in the bottom-right quadrant.

# Waitlists

- They update every night at midnight
- Waitlist expire on last day to add a course
- You may go to your waitlisted courses while you wait to be added but you will not have access to the Blackboard content
- If you are still on a waitlist 5 days before they expire consider adding another open course for Fall

# Contacting Your STEM Advisor

**Have Questions or Concerns?**

**Do not stress**

**3 ways to contact Martha Medina:**

**[sas.as@miami.edu](mailto:sas.as@miami.edu)**

**Make appointment through Navigate:**

**<https://umiami.campus.eab.com>**

**[m.medina1@umiami.edu](mailto:m.medina1@umiami.edu)**
